# Breast Comfort System

with unique hand-saving **GLIDE ZONES**

You asked for a better system for easing women's discomfort. Our research created the most comfortable system women have ever experienced, while providing therapists with exclusive *Glide Zones* for ergonomically superior supine work.

- Generous Proportions
- Easy, Dignified Positioning for All Sizes
- Reduces Pressure on Sensitive Breast Tissue
- Included on Both Ends of the Table
- *Glide Zones* for Supine Positioning
- Hand and Career-Saving Ergonomics.
- Perfect for both men and women

Order this ultimate comfort padding system instead of Plush, Semi-Firm or any of our other padding options on portable, stationary or lift tables. Some restrictions apply. Call for details.
